

A New Concept in Exclusive Custom Murals is revolutionizing wall design with a bold new approach to custom wall covering.

# MURALS À LA CARTE

**WALL YOU NEED IS LOVE™** we print and install any image at any size

Make your decorating dreams a reality as you choose the mood and style for every room. "Home décor is an expression of our personality, something unique," says Patrick Pepin, founder of **Wall You Need is Love™**. With its *Murals à La Carte*, there are no limits to how daring and creative you can be with your decorating ideas. From an Amazon jungle in your kitchen to a retro '70s look in your living room to a room whose centerpiece features your favourite vacation memories—anything is possible.

**Wall You Need is Love™** works with each client individually, offering a number of options to suit every taste. Personalize your mural using an enlarged photo from your own collection or choose an image from the company's extensive portfolio of photographs and designs. Any image can be reproduced and customized to your wall for truly spectacular results.

From a technical perspective, *Murals à La Carte* is quite simply revolutionary. The material used for the mural looks and feels like an artist's canvas, far exceeding the quality of standard photographic paper. Strong, malleable and easy to hang, this material is washable and will not tear. *Murals à La Carte* distinguishes itself in the quality of its contrasts, the vivid colours it produces and the durability of the ink it uses.

**Wall You Need is Love™**, founded in 1995, specializes in image scanning and has an excellent reputation for the exactitude and quality of its work, especially its large-format printing. Quality of image, aestheticism and design are the cornerstones of this company. For the past six years,

**Wall You Need is Love™** has specialized in scanning works of art onto canvas. The creations of **Wall You Need is Love™** have also been featured in rooms at the Hotel "W," Fruits & Passions, Le Cirque du Soleil, IMAX, MAAX, TD Canada Trust, Mazda, Smart Set, Miss Sixty NYC, Remax Canada, Aldo and Astral Media.
